## SPECIAL INSTRUCTIONS

<u>Child Care Facilities:</u>	As a part of the child care regulations, every facility must have a Certificate of Immunization Compliance Form (Form 121) or the white computer generated version of the form on file for each child enrolled. <b>Each child must be up-to-date on all required vaccines.</b>
<u>Child Care Operators:</u>	A copy of the 121 Compliance Forms and roster of all children enrolled must be retained by the child care facility in a central location for appropriate review. Incomplete forms should be retained in a separate file for appropriate review and follow-up.
<u>K4 – 6th Grade Entry:</u>	All children entering K4 through 6th grade, first time students, and students transferring to a Mississippi school from an out-of-state school <b>must be vaccinated on all required</b> school vaccines, including Tdap.
<u>7th – 12th Grade Entry:</u>	All children entering 7th through 12th grade, first time students, and students transferring to a Mississippi school from an out-of-state school <b>must be vaccinated on all required</b> school vaccines, including Tdap.
<u>Employees:</u>	Employees must provide proof of immunity to measles and rubella. A completed and signed form should be submitted to your employer as proof of compliance with immunity requirements for employment.
<u>Employers:</u>	This form should be kept in a permanent file accessible to representatives of the Mississippi State Department of Health upon request.
<u>Parents:</u>	The Varicella vaccine is a required vaccine for child care and school entry. A reliable history of chicken pox is acceptable. All students enrolling and/or transferring into 7th grade are required to have the Tdap.
<u>Health Care Providers:</u>	Re-Immunization is necessary when: <ol style="list-style-type: none"><li>1. Measles vaccine was administered before 12 months of age and/or before January 1, 1968.</li><li>2. Rubella vaccine was administered before 12 months of age and/or before 1969.</li><li>3. Varicella vaccine was administered before 12 months of age.</li></ol>
<u>Vaccines not required and when:</u>	Measles or Rubella vaccines are not required for females who are pregnant. If pregnancy is suspected, a <b>valid certificate of Medical Exemption from Immunization Requirements for Adults (Form Number 122)</b> is required until pregnancy is resolved.  Measles or Mumps vaccines are not required for persons born before January 1, 1957.
